

Welcome to our summer camp program.

Here you will find a program filled with games, activities, and crafts to keep children motivated to learn all summer long.

Your child can

“**discover**” the wonders of our world through natural sciences, chemistry, or physics,

“**discover**” their imagination through building castles or acting, singing, and dancing in a production,

and

“**discover**” America by visiting our country while never leaving home,

all the time engaged in creative, active play certain to spark their imagination.

Discover Camp is held daily from 8:30am-11:30pm from June 15 – August 14 (no class July 3) for children, ages 3-7. Snack is included. The cost is \$35.00/day, \$175.00/week. Extended hours care is available until 6:00 pm for additional cost.

Get Ready for Kindergarten camp is held daily from 1:00pm-4:00pm from June 15 - August 14 (no class July 3) for any child preparing to attend Kindergarten in the fall. Tuition is \$175.00/week

Directions:

From the west:

Take 80 east to Truxel Rd. exit. Turn left onto Truxel Rd. Get into far right lane in order to turn right on Gateway Park Blvd. Continue until Del Paso Rd., make u-turn on Gateway Park Blvd. Turn right into first driveway (Gold’s Gym), continue straight to dead end. Arrive at 1996 Del Paso Rd.

From the east:

Take 80 west to Truxel Rd exit. Turn right onto Truxel Rd. Turn right on Gateway Park Blvd. Continue until Del Paso Rd., make u-turn on Gateway Park Blvd. Turn right into first driveway (Gold’s Gym), continue straight to dead end. Arrive at 1996 Del Paso Rd.

From the north:

Take Route 5 south to Del Paso Rd. exit. Turn left on Del Paso Rd. Continue straight (past Safeway and Raleys) until you see Gold’s Gym (on right). Turn in driveway before passing the gym. Go to the end of the parking lot, turn right. Continue to 1996 Del Paso Rd.

From the south:

Take Route 5 north to Del Paso Rd. exit. Turn right on Del Paso Rd. Continue straight (past Safeway and Raleys) until you see Gold’s Gym (on right). Turn in driveway before passing the gym. Go to the end of the parking lot, turn right. Continue to 1996 Del Paso Rd.

Discovery Camp

Get Ready for Kindergarten Camp 2009

**June 15-19 – Discover Science
Our World**

Each day, the children will pretend to be a different type of explorer. They will have fun learning about our world through the study of animals, insects, the oceans, the Earth's crust, and space. Insight will be gained as to how precious our world is and how each of us needs to take responsibility for protecting it.

**June 22-July 10 -- Discover
America**

Children will discover the different regions of the 50 United States without leaving home. Each day will be filled with activities, games, cooking, and crafts that are related to a different region of America. From sea (Boston) to shining sea (Los Angeles), we will explore the sights that make our country great. The culminating activity will be a cook out with hot dogs and strawberry shortcake.

**July 13-24 - Discover Your Imagination
Drama and Storytelling**

Children will learn dramatic arts through two weeks dedicated to storytelling, singing, dancing, puppetry, and acting. They will have the opportunity to help prepare a stage and make simple costumes for a short production held on July 23-24.

**July 27-July 31 Discover Science
“A HA!” Principle**

This one is for the curious child who has a long attention span and doesn't mind getting their hands dirty. Children will use the scientific method while performing simple, teacher-directed experiments. Each activity will begin with asking a question, summarizing what we already know, forming a prediction, performing an experiment (or two), gathering data, and forming a conclusion. No harsh or poisonous chemicals will be used but we may create a volcano or two.

**Aug 3-Aug 7 Discover Your Imagination
To Outer Space and Beyond**

Imaginations will fly high when children hop aboard an imaginary space ship and jet into space. Our Space Cadets will pretend to hook up with an intergalactic space station, where they encounter the space aliens, Gorgus and Protobon. How will we ever unite the forces of good and bad and bring peace to the universe? Children will enjoy this week of fantasy through games, activities, music, and crafts

**Aug 10-Aug 14 Discover Science
Power of the Earth**

Children will learn about the Earth's power through magnets, gears, gravity, wind/water, and the sun. Experiments will form the basis for this week as children discover the forces that drive the planet.

**June 15 – Aug 14 Get Ready for
(8 child max) Kindergarten**

Children who will be attending kindergarten in the fall will benefit from this afternoon program. Their time will be well spent learning literacy and math concepts through fun and educational activities. Reading stories, playing games, creating art projects, and participating in music and science activities will all help prepare your child for their “big day”. Information will be given to parents, as well, on how they can help their child prepare for kindergarten.

- All children require prior registration. A complete physical (not more than one year old) and a current immunization record is required. **The registration packet is required no later than the Friday BEFORE the first day of the camp.**
- \$100.00 down payment (non refundable) is due with reservation.
- The remainder of the tuition for the weekly camp is due no later than the Friday before the first day of camp.
- Day reservations are payable on 6/15, 7/1, and 8/3 (all non-refundable, even in case of absence)
- Getting Ready For Kindergarten tuition is due weekly (\$175.00)

Full time child care is available all summer for additional fee.
